Concepts of Physical Fitness and Wellness: A Comprehensive Lifestyle Approach provides readers with self-management skills necessary to adopt a healthy lifestyle. These skills will make a positive difference in one's health, fitness, and wellness through the use of activity labs and logs. In addition, new copies of the text now come packaged with the HealthQuest Activities CD-ROM. Web addresses to supplemental resource materials, such as a self-study guide, sample exam questions, and definitions of terms, as well as other enrichment materials, are also provided.

It's true—playing with numbers can raise your I.Q., and help you think more clearly. And, these 100 examples are among the best. Find the shortcut for adding 2, 3, and 4 to form 6 different 3-digit numbers. Or, try this: What is the smallest number that when multiplied by 3 gives an answer consisting of all 4's? Other braintwisters involve flipping coins, burning candles, and taking apart a Rubik's cube in your head. They're all fun. "A puzzle book for a large audience....People who enjoy mathematical puzzles, but are stumped by puzzles at the level of Mensa, will find this book much more manageable." —Science Books & Film.

Identity theft happens when someone steals your personal information and uses it without your permission. It is a serious crime that can wreak havoc with your finances, credit history, and reputation – and it can take time, money, and patience to resolve. The Federal Trade Commission (FTC), the nation's consumer protection agency, prepared this guide to help you repair the damage that identity theft can cause, and reduce the risk of identity theft happening to you. If you suspect that someone has stolen your identity, acting quickly is the best way to limit the damage. Setting things straight involves some work. This guide has tips, worksheets, blank forms, and sample letters to guide you through the recovery

process. It covers:

- what identity theft victims must do immediately
- what problems may crop up
- how you can reduce your risk of identity theft

Two of Britain's deans of socialist thought consider the philosophical writings of Marx and Engels in the light of recent advances in the sciences. The authors have written a dozen books; this work is a hit in ten countries. The book reasserts the dialecti

In this title, students will learn all about mixed numbers and how to better understand them with the visually enhanced text and question/answer sections.
