The brilliant and combative autobiography from the most capped rugby player in history, Alun Wyn Jones.

of all, Wales. Between 1969 and 1979, the men in red shirts won or shared eight Five Nations Championships, including three Grand Slams and six Triple Crowns. But the mere facts resonate less than the enduring images of the precision of Gareth Edwards, the sublime touch of Barry John, the sidesteps of Gerald Davies and Phil Bennett, the courage of J.P.R. Williams, and the forward power of the Pontypool Front Row and 'Merv the Swerve' Davies. To the land of their fathers, these Welsh heroes represented pride and conquest at a time when the decline of the province's traditional coal and steel industries was sending thousands to the dole queue and threatening the fabric of local communities. Yet the achievements of those players transcended their homeland and extended beyond mere rugby fans. With the help of comedian Max Boyce, the culture of Welsh rugby and valley life

permeated Britain's living rooms at the height of prime time, reinforcing the sporting brilliance that lit up winter Saturday afternoons. In *Nobody Beats Us*, David Tossell, who spent the '70s as a schoolboy scrum-half trying to perfect the Gareth Edwards reverse pass, interviews many of the key figures of a golden age of Welsh rugby and vividly recreates an unforgettable sporting era.

This book looks at 20 rugby union players who fought on wel pitches for little but pride and honour in the days prior to the game turning professional in 1995, such as Dai Morris, Graham Price, Ray Prosser, Brian Thomas, Delme Thomas, Geoff Wheel, J P R Williams, R H Williams, W O Williams and Bobby Windsor.

Welsh, British Lions (1971) and Barbarians captain. The biography is the result of extensive interviews, with a postscript giving a current analysis detailing Dawes' place in rugby history as one of rugby's greatest innovators.

The former Wales and Lions rugby captain has travelled the world watching rugby and talking about the game since his retirement in 1978. This book tackles a host of issues dominating the sport in the modern era. When Prince Charles watched Llanelli play the All Blacks on their last meeting in 1997, he claimed he had the best seat in the house - the one next to Phil Bennett. Such is the esteem in which the ex Wales and Lions captain is held, it's no wonder his frank opinions and hard-hitting appraisal of the sport he lives and breathes continue to have as much impact now as they did when he was the world's premier

fly-half in his heyday. In his book, Bennett is scathing of the Welsh rugby administrators, poor standards of coaching and the failure to embrace new ideas. On a global level he has strong views on professional rugby and the rise of the European game.

This line from Max Boyce's 'Hymns and Arias' usually elicits delirious applause in the rugby world. It is now the title of a book which looks at the classic matches between the two old foes between 1890 and 2013. Included are Wales vs England matches which featured controversies, such as the 1890 match when Wales were victorious for the first time.
