The public space is the area of interac- tion between religion and politics and their respective forms of power. The fundamental significance of the principle of religious freedom is that it prescribes rules as protection both from the hegemonic claims of institutional politics and from attempts to establish religious or cultural domination.

Religion, Power, Politics - World Council of Churches

“The expectations that economic leaders and politicians have of religions and their leaders as guardians of the moral and ethical traditions of humanity, and of their ability to mediate in the current situations of conflict, requires religions, and not least Christian churches, to engage in critical self-reflection about their action in the public space.”

Power, Politics and Religion in Timurid Iran. Beatrice Forbes Manz uses the history of Iran under the Timurid ruler Shabrukh (1409–47) to analyze the relationship between government and society in the medieval Middle East. She provides a rich portrait of Iranian society over an exceptionally broad spectrum—the dynasty and its servants, city elites and provincial rulers, and the religious classes, both ulama and Sufi.

Religion and Politics. The relation between religion and politics continues to be an important theme in political philosophy, despite the emergent consensus (both among political theorists and in practical political contexts, such as the United Nations) on the right to freedom of conscience and on the need for some sort of separation between church and state. One reason for the importance of this topic is that religions often make strong claims on people’s allegiance, and universal ...

In fact, religion held so much power at a point in Egyptian history that the priesthood of Amen rivaled the power of the Pharaoh. Even when the Pharaoh turned to a different main god, the general public still held strong to Amen-Re. Religion is a powerful thing, but the power derives from the people; the Pharaoh and the gods only had as much power as the people let them have through their strong beliefs in the gods.

The tussle for power between Disraeli and Gladstone, the two great politicians of the age, saw the appearance of modern two-party politics in a recognisable form, and their regular jousts at the dispatch box continued until Disraeli’s defeat in 1880. By then, parliamentary government was at the height of its prestige.

Victorians: Power and Politics | English Heritage

Despite the formal separation of region and state enshrined in the constitution, religion has become intimately entwined with politics and no modern president (any many other officials) could hope to get elected without at least paying lip services to their religious beliefs. George Bush was a recent example of this.

God’s Own Country: Power and Religion in the USA: Religion ...

However, in some societies, Power abolishes Politics. In a Theocracy, Power is derived by revelation, in a Dictatorship by the power of the gun, in an Absolute Monarchy from God, in a degraded Democracy, from the ability of demagogues to sway the crowd e.t.c. So I would say Power and Politics are two principles locked in conflict, with balance only assured by a third principle, Law.

What is the relationship between power and politics? - Quora

Religion is important for American politics because religion is important for Americans. 1 Yet, there are factors in American political life that amplify the role of religion in a way that is not seen in other developed countries. For a developed country, the U.S. is extraordinarily high on religion. Thus 65 percent of Americans say that religion is important in their daily lives compared to just 17 percent of Swedes, 19 percent of Danes, and 24 percent of Japanese. 2.
