### Psychiatric Mental Health Nursing Evidence

Despite existing evidence and agreement on some of the effective treatments for persons with mental illness, research shows that few patients with psychiatric disorders receive evidence-based care (Horvitz-Lennon et al, 2009; Resnick and Rosenheck, 2009). In addition, research is limited on the evidence base of the policies and politics of the mental health delivery system, including agencies, programs, and service effectiveness.

In its full-colour, fifth edition, Mary Townsend's "Psychiatric/Mental Health Nursing: Concepts of Care in Evidence-Based Practice" is still the most clearly written text on the subject. The stress/adaptation model remains the conceptual framework for the delivery of nursing care, providing a foundation of psychiatric mental health nursing knowledge to the student.

---

Psychiatric Mental Health Nursing: Concepts of Care in ...

Postings addressing evidence to support mental health care decisions are regular and frequent. However, despite our impressive progress, remnants of our disciplinary history of sole reliance on personal experience and opinion are still evident. My last two editorials (see Vol. 18 and Vol. 19) addressed this exact point.
