This streamlined version of Daft's market-leading *Organizational Theory & Design* presents the most recent thinking about organizations in a way that is interesting and enjoyable. Throughout the book, new concepts and models are integrated with lots of detailed examples to illustrate how companies are coping in the rapidly-changing, highly-competitive, international environment. Without sacrificing content, this book is perfect for shorter organizational theory courses or for instructors who use their own cases and material.

Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings, heads of government, and corporate executives lead thousands of people and manage endless resources, but may not have mastery over themselves. Often leaders know that right action is important, but have little (if any) understanding of what prevents them from acting in accordance with their intentions. In this important book, leadership expert Richard Daft portrays this dilemma as a struggle between instinct (elephant) and intention (the executive) using the most current research on the intentional vs. the habitual mind to explain how this phenomenon occurs. Based on current research and real-life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership,

organizational performance, and change management Through real-life examples and recent studies in psychology, management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others.

Management and Organization Theory offers a summary and analysis of the 40 most popular, researched, and applied management and organization theories. This important resource includes key instruments used to measure variables in each theory and examines pertinent questions about the theory: strengths and weaknesses, practical applications, and the seminal articles published on each theory. "This is a remarkable book. Jeffrey Miles clearly explains and synthesizes 40 major theories of management and organization in an easily accessible and engaging style. Well researched, comprehensive in its coverage, thorough, balanced, and fair in its analyses of theories, the book is destined to be a major authoritative reference in the field. It is one of the most readable, informative, and useful books I have read. I strongly recommend it." —Shaker A. Zahra, department chair, Robert E. Buuck Chair, and professor, Strategic Management and Organizations Department, University of Minnesota "This book provides a terrific advantage to any student or manager seeking to grasp the fundamental concepts that explain organizations and the behavior of people within them."—Richard L. Daft, author, *The Executive and the Elephant: A Leader's Guide to Building Inner Excellence*; and the Brownlee O. Currey Jr. Professor of Management, Owen Graduate School of Management, Vanderbilt University "An easy-to-read summary of some of the most critical theories in the field of management—theories that have implications not just for scholars, but for practicing managers as well."
