The yellow star, inscribed with the word "Jude" ("Jew" in German), has become a symbol of Nazi persecution. Its likeness abounds upon Holocaust literature and materials. But the Jewish badge was not instituted in 1933 when Hitler came to

Yellow Star, Red Star asks why Holocaust memory continues to be so deeply troubled—ignored, appropriated, and obfuscated—throughout Eastern Europe,

even though it was in those lands that most of the extermination campaign occurred. As part of accession to the European Union, Jelena Suboti shows, East European states were required to adopt, participate in, and contribute to the established Western narrative of the Holocaust. This requirement created anxiety and resentment in post-

communist states: Holocaust memory replaced communist terror as the dominant narrative in Eastern Europe, focusing instead on predominantly Jewish suffering in World War II. Influencing the European Union's own memory politics and legislation in the process, post-communist states have attempted to reconcile these two memories

by pursuing new strategies of Holocaust remembrance. The memory, symbols, and imagery of the Holocaust have been appropriated to represent crimes of communism. Yellow Star, Red Star presents in-depth accounts of Holocaust remembrance practices in Serbia, Croatia, and Lithuania, and extends the discussion to

other East European states. The book demonstrates how countries of the region used Holocaust remembrance as a political strategy to resolve their contemporary "ontological insecurities"—insecurities about their identities, about their international status, and about their relationships with other international actors.

## File Type PDF Yellow Star

As Suboti concludes, Holocaust memory in Eastern Europe has never been about the Holocaust or about the desire to remember the past, whether during communism or in its aftermath. Rather, it has been about managing national identities in a precarious and uncertain world.

In October 1944, Nazi Lieutenant Colonel Adolf Eichmann, with the eager assistance of the Hungarian fascist Arrow Cross party, initiated plans to finish off the Jews of Budapest even as the Soviet Red Army was rapidly advancing, and ultimately laid siege on Budapest in December 1944.

This is the story of how one Jewish boy and 400 others were protected in a "yellow star house." Food, warm clothing, and any kind of personal freedom have all but vanished. Jewish life becomes more and more confined as the old people, women, and children are forced into the ghetto.

From there, the next step is the waiting cattle cars and the concentration camps. But Marta ' s family is lucky. They are numbered among those who could be saved by the efforts of Raoul Wallenberg. Among the few points of hope was this extraordinary Swedish diplomat. Raoul Wallenberg issued papers to thousands of Jews, declaring them

to be Swedish citizens. Wallenberg was questioned by the Russians after the war and disappeared, possibly to die in Siberia. An international movement has been in place for decades to press Russia for news of his fate. Although details of his death remain a mystery, he has come to represent courage and justice in the face of great evil.
